Week 0 Player Ratings Report

* Denotes no 501 game thrown in Last 10 Weeks of League play

Notes from league office

Player ratings are determined based on league competition. As league competition increases and more players join, we will see some volatility in the ratings. Once all teams have played each other, we will see less volatility and as a result the matchups will be very even.

All new players to the league begin as a "C" rating unless otherwise rated by league office.
